

ENGLISH CLUB

English Club is not an ordinary language course of English, but an authentic time spent in an English-language environment for a longer period of time throughout the whole afternoon. Children improve their English in a natural way during organized activities and also free play. We communicate exclusively in English, according to everyone's own knowledge and abilities.

We adjust the teaching style and selection of games and activities accordingly.

We teach English through listening, communication, playing together and working on projects, not by lecturing or testing.

GULSAH SOZER
